

February 2025

Primary Health Care Nurses Day – February 5th

February 5th celebrates the vital role played by 98,000+ primary health care nurses nationwide.

We have 7 skilled nurses, helping provide healthcare in conjunction with our medical team and we want to show our appreciation for all they do!

Ovarian Cancer Awareness Month

There is no screening test for ovarian cancer and symptoms can be vague. Know your body and be ovarian cancer aware.

For more information: canceraustralia.gov.au

RSV Vaccine – 3rd February 2025

Respiratory syncytial virus (RSV) is a serious disease for newborn babies and infants.

From 3/2/2025, women will be able to receive free RSV vaccines between 28–36 weeks of pregnancy to assist in protecting their newborn baby.

Influenza and whooping cough vaccines are also free during pregnancy.

Book in with your Doctor to discuss and administer the vaccine.

Dr Simone Jaenisch

Dr Ingrid Richards

New Registrars 2025

From February 2025, we have 2 new registrars starting at our Practice.

We would like to welcome Dr Simone Jaenisch and Dr Ingrid Richards.

They will be with us throughout 2025 as part of their General Practice training and we look forward to them joining our team!

To learn more about Simone and Ingrid, visit our website.

Farewell Dr Navin

Our 2024/25 Registrar Dr Navin Visvanathan will be departing St Agnes Surgery from February 2025 to finish his General Practice training.

We have loved having Dr Navin as one of our registrars and wish him the best as he completes his final exams this year. We hope we can welcome him back in the future.
